

Doncaster LINK

Coffee Morning Report

Doncaster LINK held its first themed coffee morning on Tuesday 9th November 2010 at the Salvation Army, Doncaster, with the theme being that of the elderly.

The LINK presented its success to the meeting and highlighted its present work.

A presentation was made by Vickie Ferres, Chief Executive of Age UK Doncaster, which contained information relating to current issues relating to the elderly.

All who attended agreed that the concept of having a theme to the coffee morning was relevant and looked forward to future themed coffee mornings in 2011.
