## Supporting Decision Making Policy

The table below outlines the criteria that the Doncaster LINK Board use to support the existing decision making process.

Criteria	Comments	YES/NO
<b>1. Source of Issue</b> <i>Definition</i> Percentage of population affected		
<b>2. Equality &amp; Diversity</b> <i>Definition</i> Has a greater impact on people who are from an identifiable race/ethnicity, gender, age, religion, disability or sexual orientation, than on the population as a whole and where an issue has a detrimental impact on a specified group.		
<b>3. Impact on Wider Community</b> <i>Definition</i> The issue has an identifiable impact beyond the individual service user and their immediate social group.		
<b>4. National Agenda</b> <i>Definition</i> The issue is part of a wider national, regional or local issue that is currently being explored.		
<b>5. Cost effectiveness</b> <i>Definition</i> The work has a clearly defined outcome/impact and the amount of time and resources need to reach the outcome are clearly measured in relation to LINK budget.
