

Doncaster LINK Coffee Morning Around Disability

15th March 2011

On 15th March 2011 Doncaster LINK held a coffee morning based around disability at the South Yorkshire for Inclusive Living (SYCIL). People who attended the informal event were given information regarding disability and any questions they asked were answered. Attendees were also brought up-to-speed with the work of the LINK during previous months and informed of all future events. The event was well attended and a great success.

All future coffee mornings held by the LINK will have a new format with invited guest speakers giving relevant updates/information/future plans about their organisation(s).

The next coffee morning which will be held on Tuesday 10th MaY 2011 will be based around health. For full details please contact a member of the Host team on 01302 554970 or at our website www.doncasterlink.co.uk.
