

'YOUR STRONGER LOCAL VOICE'

# "It will never happen to me"

This is what we would all like to think.

But every year, many people are diagnosed and treated for vascular diseases such as **stroke, diabetes, heart disease, kidney disease and peripheral vascular disease.**

We would be delighted if you would join us at a **free** event focussing on vascular disease prevention, services and support.

Friday, 12<sup>th</sup> November 2010  
Eastfield Restaurant, Doncaster School and College for the Deaf,  
Leger Way, Doncaster DN2 6AY  
9.30 am - 1.30 pm  
Refreshments available all morning  
Lunch will be provided at 12.30 pm

**We have arranged this event to raise awareness of:**

- ❖ local services that support a healthy lifestyle to prevent disease
- ❖ actions that should be taken if someone gets chest pain or when a stroke strikes -  
**Face Arms Speech Time (FAST Campaign)**
- ❖ local support services to help you to take care of yourself if you are affected by vascular disease
- ❖ local patient and carer support groups
- ❖ local health and social care public involvement groups
- ❖ opportunities to become involved in shaping local health and social care services

**There will be a number of short presentations and the opportunity to view displays on manned information stalls.**

Numbers strictly limited - first come, first served.  
To register your attendance at this meeting,  
please contact Nicola on 01226 433774

Event funded by
